

Wonderknit XL Textile Lubricating Oil

SECTION 1 – IDENTIFICATION

Product Identification: **Wonderknit XL
Textile Lubricating Oil**

Other means of Identification: No data available

Recommended use: Lubricating Fluid

Restrictions on use: Industrial Use Only

Supplier Identification: Davley Darmex Lubricants
7370 Bramalea Rd., Unit 38, Mississauga, Ontario, Canada L5S 1N6
Phone: (905) 795-1150 Fax: (905) 795-1151 Toll Free: 1-800-361-9458
Email: sales@davley-darmex.com
Hours: Monday to Friday, 8:00AM – 5:00PM EDT

SDS Print Date:

SECTION 2 – Hazard(s) Identification

Hazard Classification: Not classified as hazardous under 29CFR 1910.1200 (HazCom 2012)

Label Elements:

Hazard Symbol: No symbol

Signal Word: No signal word

Hazard Statement: Not applicable

**Precautionary:
statement** Not applicable

**Other hazards which do not:
Result in GHS classification** None

SECTION 3 – Composition / Information on Ingredients

Hazardous Components:			
Chemical Name	CAS-No.	Concentration	
White Mineral Oil	Confidential	60 - 100%	

Specific Chemical identities and/or percentages have been withheld as trade secrets

SECTION 4 – First Aid Measures

- Ingestion:** Rinse mouth thoroughly. Call a Poison Center or doctor if you feel unwell. Do NOT induce vomiting.
- Inhalation:** Move to fresh air. Call a Poison Center or doctor if you feel unwell.
- Skin Contact:** Remove contaminated/saturated clothing and shoes. Wash contact areas with soap and water. If skin irritation occurs: Get Medical advice/attention.
- Eye Contact:** Flush thoroughly with water. If irritation occurs, get medical assistance. Continue to rinse for at least 15 minutes.

Most important symptoms/effects, acute and delayed

Symptoms: No data available.

Indication of immediate medical attention and special treatment needed

Treatment: Get medical attention as appropriate or if symptoms persist.

SECTION 5 – Fire Fighting Measures

General Fire Hazards: No unusual fire or explosion hazards noted.

Suitable (and unsuitable) extinguishing media

Suitable Extinguishing media: No data available

Unsuitable Extinguishing media: Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from the chemical: Heat may cause the containers to pressurize and possibly rupture. During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for firefighters

Special fire fighting procedures: No data available

Special protective equipment for fire-fighters: Firefighters must use standard protective equipment appropriate for industrial fires.

SECTION 6 – Accidental release measures

Personal precautions, protective equipment and emergency procedures: See Section 8 of the SDS for Personal Protective Equipment. Do not handle damaged containers or spilled material unless wearing appropriate protective clothing. Keep unauthorized personnel away. Ensure adequate ventilation.

Methods and material for containment and cleaning up: Absorb with sand or other inert absorbent. Stop the flow of material, if this is without risk.

Environmental Precautions: Avoid release to the environment. Do not contaminate water sources or sewer. Prevent further leakage or spillage if safe to do so and protect against releases into the environment. Remediate as appropriate.

SECTION 7 – Handling and storage

Precautions for safe handling: Observe good industrial hygiene practices. Wear appropriate personal protective equipment. Do not expose to intense heat as product may expand and pressurize container.

Conditions for safe storage, including any incompatibilities: Store in original tightly closed container. Avoid contact with oxidizing agents. Store away from incompatible material.

SECTION 8 – Exposure controls/personal protection

Exposure Limits

Chemical Name	Type	Exposure Limit Values
White Mineral oil – inhalable fraction	TWA	5 mg/m ³
White Mineral oil – Mist	STEL	10 mg/m ³

Protective Measures: Use personal protective equipment as required

Respiratory Protection: In case if inadequate ventilation use suitable respirator. Seek advice from supervisor on the company's respiratory protection standards.

Eye Protection: Wear safety glasses with side shields (or goggles).

Skin and Body Protection: Wear chemical-resistant gloves, footwear, and protective clothing appropriate for the risk of exposure. Contact health and safety professional or manufacturer for specific information.

Hygiene measures: Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing to remove contaminants. Contaminated work clothing should not be allowed out of the workplace. Discard contaminated footwear that cannot be cleaned. Avoid contact with skin, eyes, and clothing.

SECTION 9 – Physical and chemical properties**Appearance**

Physical State:	Liquid
Form:	No data available
Color:	Clear Fluid
Odor:	Mild petroleum
Odor Threshold:	No data available
pH:	No data available
Melting point/freezing point:	No data available
Initial boiling point and boiling range:	No data available
Flash Point:	160°F (65°C)
Evaporation rate:	No data available
Flammability (solid, gas):	No data available
Upper/lower limit on flammability or explosive limits	
Flammability limit – upper (%):	No data available
Flammability limit – lower (%):	No data available
Exposure limit upper (%):	No data available
Exposure limit lower (%):	No data available
Vapor pressure:	No data available
Vapor density:	No data available
Relative density:	0.86
Solubility(ies)	
Solubility in water:	Insoluble
Solubility (other):	No data available
Partition coefficient (n-octanol/water):	No data available
Auto-ignition temperature:	No data available
Decomposition temperature:	No data available
Viscosity:	23.1 mm ² /s (40°C)

SECTION 10 – Stability and Reactivity

Reactivity:	Not reactive during normal use
Chemical Stability:	No data available
Possibility of Hazardous Reactions:	None under normal conditions
Conditions to Avoid:	No data available
Hazardous Decomposition Products:	Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapors.

SECTION 11 – Toxicological information**Information on likely routes of exposure**

Ingestion: May be ingested by accident. Ingestion may cause irritation and malaise.

Inhalation: Inhalation is the primary route of exposure. In high concentrations, vapors, fumes or mists may irritate nose, throat and mucus membranes.

Skin Contact: Prolonged skin contact may cause redness and irritation.

Eye Contact: Eye contact is possible and should be avoided.

Symptoms related to the physical, chemical and toxicological characteristics

Ingestion: No data available

Inhalation: No data available

Skin Contact: No data available

Eye Contact: No data available

Information on toxicological effects

Acute toxicity (list all possible routes of exposure)

Oral

Product: No data available

Dermal

Product: No data available

Inhalation

Product: Not classified for acute toxicity based on available data.

Repeated dose toxicity

Product: No data available

Skin Corrosion/Irritation

Product: No data available

Serious Eye Damage/Eye Irritation

Product: No data available

Respiratory or Skin Sensitization

Product: No data available

Carcinogenicity

Product: No data available

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:

No carcinogenic components identified

US. National Toxicology Program (NTP) Report on Carcinogens:

No carcinogenic components identified

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050):

No carcinogenic components identified

**Germ Cell Mutagenicity****In vitro****Product:** No data available**In vivo****Product:** No data available**Reproductive toxicity****Product:** No data available**Specific Target Organ Toxicity – Single Exposure****Product:** No data available**Specific Target Organ Toxicity – Repeated Exposure****Product:** No data available**Aspiration Hazard****Product:** No data available**Other effects:**No data available

SECTION 12 – Ecological information**General Information:**This product has not been evaluated for ecological toxicity or other environmental effects.

SECTION 13 – Disposal considerations**Disposal Instructions:**

Discharge, treatment, or disposal may be subject to national, state, or local laws. Dispose of waste at an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal. It is the responsibility of the product user or owner to determine at the time of disposal, which regulations must be applied.

Contaminated Packaging:Empty containers should be taken to an approved handling site for recycling or disposal.

SECTION 14 – Transport informationThis product is not subject to transport regulations

**SECTION 15 – Regulatory information****US Federal Regulations****US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)**

None present or none present in regulated quantities.

Superfund Amendments and Reauthorization Act of 1986 (SARA)**Hazard Categories:** None**SARA 313 (TRI Reporting):** None present or none present in regulated quantities**US State Regulations****US California Proposition 65:** No component is regulated by CA Prop. 65.

SECTION 16 – Other information

Revision Date: January 15, 2017

Version #: 1.0

Further Information: No data available

NOTICE OF DISCLAIMER

Please note that all information provided in these SDS sheets have been carefully edited by Davley Darmex Lubricants and are considered to be accurate at the time of issue. However, no responsibility for possible errors or omissions can be assumed and the company reserves the right to change without notice. Davley Darmex assumes no legal responsibility or warranty either expressly or by implication based on this data. Please also note that the chemical identity of some or all of the ingredients may be withheld as confidential business information as permitted by 29 CFR 1910.1200 and other relevant legislation. This information should be used to make an independent determination of the methods to safeguard workers and the environment. Duplication in whole or in part of this information without written consent is prohibited.
